SafeSport Training:

New user: Make sure to create your SafeSport account with the same first and last name and email address listed in this adult registration account; this is to ensure auto verification for this training requirement in your adult registration account.
No need to upload your certificate of completion; although, it is advised that you save it to your computer as auto-approval/verification may fail.
Your account should be automatically updated to show your completed training within 24 hours.
If auto verification failed and you took the training in 2021 for the 2021-2022 registration year, you can upload that Certificate of Completion for your organization's Risk Manager to approve/verify.

If you already have a SafeSport account, click on the enrollment key below and Login to SafeSport.
New training site may require a password change for a returning user.

Once training is completed, you are required to return to this Certificate tab and upload the CDC Certificate of Completion.

A Player Centered Approach

The main actor of the process is the player, not the coach, not the team, but the individual player.

Sample Schedule

Activity Fields (where your team should meet for this week):

- Asteroids Field A
- Battling Bears Field D
- Cobras Field C
- Dragons Field B
- Team Eagles Field E
- Firebirds Field H
- Geckos Field G
- Hurricanes Field F

| Teams | Fields |
|---------------------------|--------|
| Asteriods vs. Dragons | A & B |
| Cobras vs. Battling Bears | C & D |
| Eagles vs. Hurricanes | E & F |
| Geckos vs. Firebirds | G & H |

Field Location:

Each week the players should report to the field that they are assigned to for the week.

Coaches will run the weekly activities at the home field and then play the game against the team next to them

Coaches to Do List

- Contact team prior to the start of the season (1st and 2nd grade target date Sept 4th, K coaches Sept 11th)
- Let families know which field to report to
- Email Diamond layout to all families
- Create name tags for players
- Print Team Medical Information to have on site (don't share with families!)
- Steer families to the LUSC website for all cancellations

The Layout

100 ft

Dual Field

- If team A is scheduled to play team B, they will do so on both fields.
- **The area between the two fields is the designated coaching area** with the opposite side of the field being reserved for spectators.
- The coaching area allows the coach & players their own space and helps the players separate from their parents which is an important part of the developmental process.
- **Each team will be assigned a field to meet at where they will run their activities.** The team they will be competing against will be assigned the field next to them.

Recommended- The players should remain on the same field throughout the game segment and not flip from field to field.

Kindergarten 3v3 Dual Field

Kindergarten Rules

- **The Game is 3v3!** Please do NOT add players into the game.
- Kick ins or dribble ins (no throw ins)
- Scoring team drops to their own half of field after a goal is scored
- **No Corner Kick's**- ball over the end-line is always re-entered by the defensive team
- **3 Goal Margin Rule-** team trailing by a 3 goal differential can add a 4th player
- No Scores are kept!
- No Standings are kept!

1st Grade Format

Why 3v3 to 4 Goals

- The 3v3 to 4 goals format is one of the best exercises for players to learn to “read the game” and make decisions without coaches telling them what to do.
- In 3v3 the defense cannot defend both goals equally. This should, in time, teach the players to recognize the 2v1 situation and which goal is the best one to attack.

2nd Grade Format

The Demo

The Game: Players dribble throughout the inner grid. The coach can use this free dribble segment to offer several options. When the coach yells:

- **Turn-** players must change direction
- **Ball Taps-** players must perform toe taps on the ball
- **Foundation-** the players must pass the ball back and forth between their legs
- **Change-** step on your ball, move quickly to another ball and continue to dribble

*Progress to **Spiderman***

Layering allows the coach to control the tempo and provides an opportunity for brief moments of rest and refocus for the players

Tosh Farrell

“provide the kids with the appropriate diet”

Coaching Tip

Foundational Skills

Things kids can learn:

1. Stopping and Starting
2. Changing direction at different angles
3. Using both feet
4. Pulling the ball back with the sole of the foot
5. Cutting and turning with the ball
